

TÜRKİYE

WELCOME

- A unique blend of East and West, Turkey is a country of breathtaking landscapes, rich history, and warm hospitality.
 - Located at the crossroads of Europe and Asia, Turkey offers a diverse cultural and geographical experience.
 - From ancient ruins to modern cities, Turkey is a must-visit destination for travelers worldwide.

HISTORICAL AND CULTURAL HERITAGE

A JOURNEY THROUGH TIME

- Home to ancient civilizations such as the Hittites, Greeks, Romans, and Ottomans.
- Iconic landmarks include Hagia Sophia, Ephesus, and Cappadocia's rock formations.
- UNESCO World Heritage Sites like Göbekli Tepe, Troy, and Pamukkale showcase Turkey's deep historical roots.

NATURAL WONDERS

NATURE AT ITS FINEST

- Breathtaking coastlines along the Mediterranean and Aegean Seas.
- Unique geological formations in Cappadocia, with hot air balloon rides offering spectacular views.
- Stunning beaches like Ölüdeniz and Patara, and natural wonders like Pamukkale's travertine terraces.

TURKISH CUISINE

A CULINARY DELIGHT

- Famous for dishes like kebabs, baklava, and mezes.
- The rich variety of flavors influenced by Ottoman and Middle Eastern traditions.
- Turkish tea and coffee culture, a significant part of social life.

MODERN TURKEY

A DYNAMIC AND VIBRANT COUNTRY

- **Istanbul, a city that bridges two continents with its dynamic lifestyle and historic charm.**
- **Ankara, the capital city, and Antalya, the tourism hub.**
- **A thriving economy, modern infrastructure, and a warm, welcoming population.**

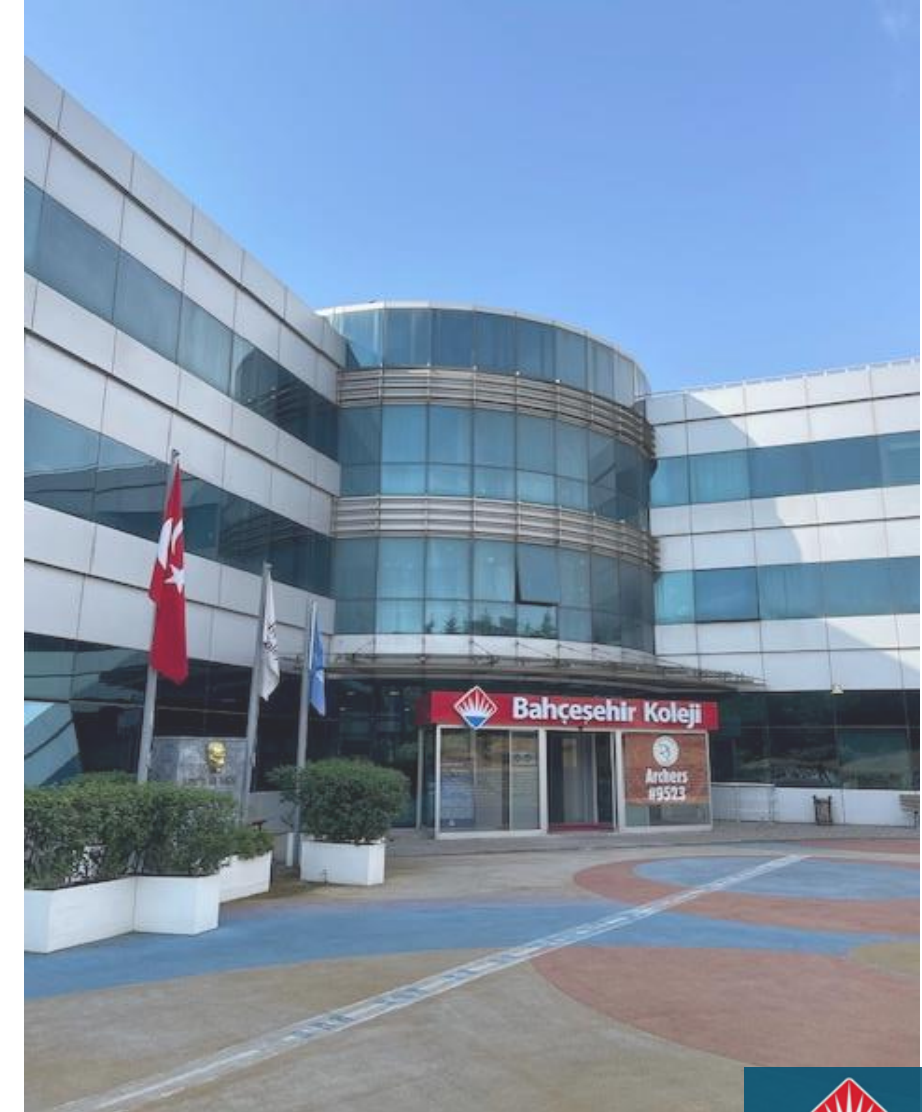

BAHÇEŞEHİR COLLEGE GEBZE CAMPUS

Gebze Bahcesehir Science and Technology High School is a private co-educational school situated in the city of **Kocaeli in the west of Türkiye**.

The school started providing education at the **kindergarten, primary school, and secondary school levels** in 2017 before opening the high school on the same campus in 2018.

Due to the high demand, Gebze Bahçeşehir has moved its new building, in 2021.

There is a particular focus on **English, Maths and the Sciences**.

Our broad, balanced and innovative curriculum is designed to stretch and challenge students **to reach their goals**.

The priority is given to the **academic growth** of the students rather than simple scientific knowledge.

BAHÇEŞEHİR COLLEGE GEBZE CAMPUS

STUDENT DEMOGRAPHICS

- This academic year, 154 students from two different cities in Türkiye have been enrolled at Gebze Bahcesehir Science and Technology High School.
- Gebze Bahcesehir Science and Technology High School enrolls students from among those who get the highest scores at the national high-school entrance examination.
- The admission exam for the Science and Technology High School, which measures students' creative thinking skills in Turkish, Mathematics, and Science, **consists of 4 stages**.

1st Stage:	Online Exam
2nd Stage:	Portfolios including their achievements, awards, and projects up to the 8th grade via the ApplyFenTek system.
3rd Stage:	Interviewed by the committee formed by the Bahcesehir College Academic Board.
Final Stage:	Central exam. The students can start the registration process by submitting the exam result documents.

This year, 53 students got more than 40% scholarship.

BAHÇEŞEHİR COLLEGE GEBZE CAMPUS

There are 35 full-time teachers, two of them are foreign nationals. There are 25 personnel. The average class size is 20. Among the teachers in our high school, 27 teachers hold a master's degree in Biology, Chemistry, Physics and English.

FACILITIES: The school campus encompasses a total area of 5,000 m², 2804 m² of which is used for school buildings; the remaining space is taken up with and used as natural recreational spaces, outdoor sports facilities, a car parking area, and play areas.

4000 m² of our total school area is used solely for educational purposes and the school has a capacity of 339 students, teaching staff, and support personnel.

BAHÇEŞEHİR COLLEGE GEBZE CAMPUS

FACILITIES:

There are **three high school laboratories** for Chemistry, Physics, and Biology lessons and a resource room where all experiments are prepared, tested, and developed.

The school also houses other facilities including **libraries, music, and visual arts** classrooms, technology design & computer and science labs.

BAHÇEŞEHİR COLLEGE GEBZE CAMPUS

FACILITIES:

- The school kitchen has the capacity to serve up to 300 people.
- The school assembly hall is equipped with high-fidelity audio and visual equipment and is used for school and public events as well as theatrical performances.
- Sports facilities consist of a multi-purpose sports hall with a total area of 800 m2, a basketball pitch as well as volleyball court.
- All classes are equipped with smart boards, and the school also has many exhibition halls and rooms to display students' artwork and projects.

The education and training materials used vary according to the grade level. We teach project-based learning starting from 9th grade students at school; therefore, aim to raise a generation who thinks critically and makes inquiries and creates or take parts in projects.
